Dear Dr O'Meara:

Your manuscript entitled "Trait Evolution on Phylogenetic Networks" has been presently being given consideration for publication in Systematic Biology.

Your manuscript ID is USYB-2017-184.

Please include the manuscript ID in the subject line in all future correspondence.

PLEASE NOTE our new policy:

If any data files or online-only appendices are related to this manuscript, please use the following link:

<http://datadryad.org/submit?journalID=SystBiol&manu=USYB-2017-184>

- This link might take a few minutes to become active, so if it doesn't work right away, please wait a few minutes.

- You will be required to create a Dryad account and you will need to be logged in when you click on the above link you will automatically be forwarded to the submission page. Alternatively you can sign up for an account at <http://datadryad.org/login>. Once you have logged in, the submission link will take you directly to your provisional Dryad record already filled in.

- The data and appendices will not be visible to the public until the paper has completed the process of being published. If corrections or additional information are needed, please upload them before publication.

- Data files and other online-only materials (including online appendices) can be uploaded to Manuscript Central. The category called Related Files is not for this purpose. For this purpose, please submit them to Dryad at this time. This is not a problem--please submit them to Dryad at this time.

- In your revision (or proofs, if necessary) please give your Dryad doi as the label for the data.

You can view the status of your manuscript at any time by checking your Author Center at <https://mc.manuscriptcentral.com/systbiol>.

If there are any changes in your street address or e-mail address, please log in at <https://mc.manuscriptcentral.com/systbiol> and edit your user information as appropriate.

Let me know if you have any questions or problems.

Thank you for submitting your manuscript to Systematic Biology.
